October 20, 2011

The 90% Reduction in Building Division, Administrative, Plan Review and Inspection fees has been extended.

City Council voted to extend the 90% reduction in permitting fees with hopes to stimulate the local economy and reduce a surplus in the building division.

Administrative, Plan Review and Inspection fees assessed by the Building Division will continued to be reduced by 90% through January 1, 2013.

Permits must be 'issued' prior to January 1st in order to receive the discount, permits issued 'after' January 1st will not receive the discount.

Please Note: Additional fees to include revisions, re-inspections, subcontractor change, contractor registration, impact fees, etc. and other departmental fees including Fire, Stormwater, Engineering, and Zoning are not eligible for the discount.
