90% Reduction in Building Department Administrative, Plan Review and Inspection Fees

On Tuesday, the Palm Coast City Council voted to reduce permitting fees by 90% with hopes to stimulate the local economy and reduce a surplus in the Building Department.

Administrative, Plan Review and Inspection fees assessed by the Building Department will be reduced by 90%.

The reduction in fees will be in place for all permits subject to these fees issued June 16, 2009 - January 1, 2012. (Permits not issued during that time frame will not receive the discounted price).

Please Note: Additional fees to include revisions, re-inspections, subcontractor change, contractor registration, impact fees, etc. and other departmental fees including Fire, Stormwater, Engineering, and Zoning are not eligible for the discount.
